

The Shikkara trip

Rate: 1500 INR | 23 EURO per hour for a maximum of 5 people

The canoe take you across lake Vembabad at its widest point.

You enter into the breathtaking beauty of the Kumarakom backwaters.

During the trip you can stop to walk through the paddy fields.

Get the taste of the village life along the banks.

Exploring the labyrinthine network of waterways offers glimpses of a unique rural lifestyle, where water & land are inseparable.

We recommend to do this trip in the morning, since the lake is active with fishermen collecting fresh water mussels & fishing.
